Shower curtain support system

Support system for shower curtains made with a stainless steel band with external polished finish and internal satin finish, fastened to the ceiling with cylindrical brackets in polished stainless steel. Various lengths are available, multiples of 75 cm - 29” 1/2 (+ 2 cm, 3/4” at the end), which make it possible to create several different open and closed configurations. A bracket is required at 75 cm (29” 1/2) intervals.

Length:	300 cm	118" 1/8 inches
