

Band of 450 cm (177" 1/8) length and 7 brackets for open configuration ADOC0363A

RD Agape, 2007

Shower curtain support system

Finiture

Polished

Materiali

Stainless steel

Support system for shower curtains made with a stainless steel band with external polished finish and internal satin finish, fastened to the ceiling with cylindrical brackets in polished stainless steel. Various lengths are available, multiples of 75 cm - 29” 1/2 (+ 2cm, 3/4” at the end), which make it possible to create several different open and closed configurations. A bracket is required at 75 cm (29” 1/2) intervals.

Lunghezza: 450 cm 177" 1/8 inches

Example of possible use. Each configuration can be modified depending to your needs.
