

Band of 300 cm (118" 1/8) length and 4 brackets for closed configuration ADOC0361C

RD Agape, 2007

Shower curtain support system

**Finiture**

Polished

**Materiali**

Stainless steel

Support system for shower curtains made with a stainless steel band with external polished finish and internal satin finish, fastened to the ceiling with cylindrical brackets in polished stainless steel. Various lengths are available, multiples of 75 cm - 29&#8221; 1/2 (+ 2cm, 3/4&#8221; at the end), which make it possible to create several different open and closed configurations. A bracket is required at 75 cm (29&#8221; 1/2) intervals.

Lunghezza:                      424 cm                      118" 1/8 inches

Example of possible use. Each configuration can be modified depending to your needs.
