

Vertical mirror

ASPE\_V

RD Agape, 2006

Rectangular mirror without frame with polished edge and safety film. Complete with fixing kit. The mirror is wall mounted by means of screws and wall plugs. The Nudo and Nudo LED mirrors, even if they have different thicknesses, can be used adjacently to allow the creation of plays of light on the reflecting surface. It is sufficient to place a luminous side of Nudo Led alongside the Nudo mirror and indicate which side has to be protected by a white reflecting band (AELE001\_).

Profondità :                      2.6 cm                      1" 1/32 inches

Note: Height: cm 40 / 80 Length: cm 80 / 240 Customized sizes are possible, to be quoted separately.
