

Towel holder
 ASEN0922N

Gwenael Nicolas, Curiosity, 2008

Accessories made from brushed anodised aluminium in black to be matched with the range of taps with the same name. The natural anodising process does not guarantee that all products will have the same finish: slight colour differences cannot be considered reason for complaints. Due to their unique shape, we recommend that all wall-mounted accessories are fixed to a perfectly flat surface.

Finiture

Black anodised

Materiali

Aluminium
