

Towel holder with front element
made-to-measure
ASEN0919NS

Gwenael Nicolas, Curiosity, 2008

Finiture

Black anodised

Materiali

Aluminium

Accessories made from brushed anodised aluminium in black or grey to order, to be matched with the range of taps with the same name. The natural anodising process does not guarantee that all products will have the same finish: slight colour differences cannot be considered reason for complaints. Due to their unique shape, we recommend that all wall-mounted accessories are fixed to a perfectly flat surface.
